

Lebanon Rescue Department 2007-2008 Annual Ambulance Subscription

Dear Lebanon Residents,

The Annual Ambulance Subscription money raised is used to purchase Capital Improvement Items, like new medical equipment that enhances the services we offer to our community, facility upgrades and helps pay for apparatus. By being an ambulance subscriber, you are making a donation to our rescue to help with these items. If you have to utilize the Lebanon Ambulance, you will not be responsible for insurance co-payment deductibles, or other fees related to your Lebanon Ambulance bill. Most insurance companies pay 80%, leaving the patient with a 20% deductible. These items we will need throughout the year, and your donation will help ensure we will be able to purchase the needed equipment, etc.

As an Ambulance Subscriber, you will not be responsible for any emergency transport services in which you are transported by Lebanon Ambulance.

The Lebanon Volunteer Rescue Department is made up of dedicated volunteers who donated over 11,000 manpower hours last year to the community. We are always looking for new volunteers to help our team!

We hope you take the time and vote on June 10th. If you cannot vote on June 10th, please vote by absentee ballot. We need your support! Last Year we lost the replacement ambulance by a very small percentage. Every vote counts!

For more information, or questions, please contact Chief Samantha J. Cole at (207) 457-9269 or Visit us on the web at www.lebanonrescue.com

Sincerely,

Samantha J. Cole
